gateway school to
agribusiness

Dear Bill and Jason

Thank you for your participation during our Year 9 Agribusiness Day, it was greatly appreciated. Students thoroughly benefited from the day, with positive feedback indicating they enjoyed the sessions.

The aim of the day was to show students the bigger picture in regard to the agribusiness sector and for students to be engaged in activities relating to agribusiness. With such success during this day, we are hoping to have a similar day next year, for Year 9's in 2010.

Thank you for the time you gave to talk and offer demonstrations to our students and for your valuable contribution to our Year 9 Agribusiness Day. Without the valuable support of local industry, we would have been unable to give students the opportunity to participate in such a day.

Yours sincerely

Alecia Sutton
Gateways to Agribusiness Facilitator
